

Product Information Sheet

MULTI CLEAN *Non Acid * Non Caustic ** *Cleaner and Degreaser*

Description:

Multi Clean is a universal cleaner and polisher that degreases, descales, polishes, and scours in one operation. It combines a solvent-type multi-purpose cleaner and a scouring powder into one single product. This means you do not have to take any special precaution that you normally would with acid bowl cleaners. Can be used to clean and polish most metals. **Multi Clean** is like having six products in one. It saves time, money, and eliminates the need for several different operations and products.

Features:

- Universal cleaner and polish
- Safe on all surfaces
- Non corrosive
- Non caustic
- Non flammable
- Revolutionary formula
 - combines solvent type multipurpose cleaner and scouring powder
